

Design Challenge 2026

Calling all (interior) architects!

Time to open the doors of our family-owned mill, EE Exclusives, with a design challenge especially for (interior) architects - a unique chance for interior professionals, eager to deepen their expertise. You get the opportunity to experiment with textile and create at the intersection of craftsmanship and innovation. Let's shape the next chapter together. Textile beyond generations!

About the Design Challenge

One dedicated architect or interior designer will be selected for the development of a custom jacquard project (value approx 3600 euros), including: the opportunity to create a professional woven prototype on our high-tech jacquard machines, a feedback round and final next sample. Of course all with the guidance of our expert team.

Who you'll work with

Our team includes our creative director, creative project manager and jacquard designer - all ready to support and challenge you creatively and technically. While we mostly communicate in English, most team members also speak Dutch.

Who should apply

We are looking for curious and ambitious (interior) architects with a desire to explore the world of jacquard weaving. You have experience and built a portfolio and you are now ready to explore including textiles in your projects.

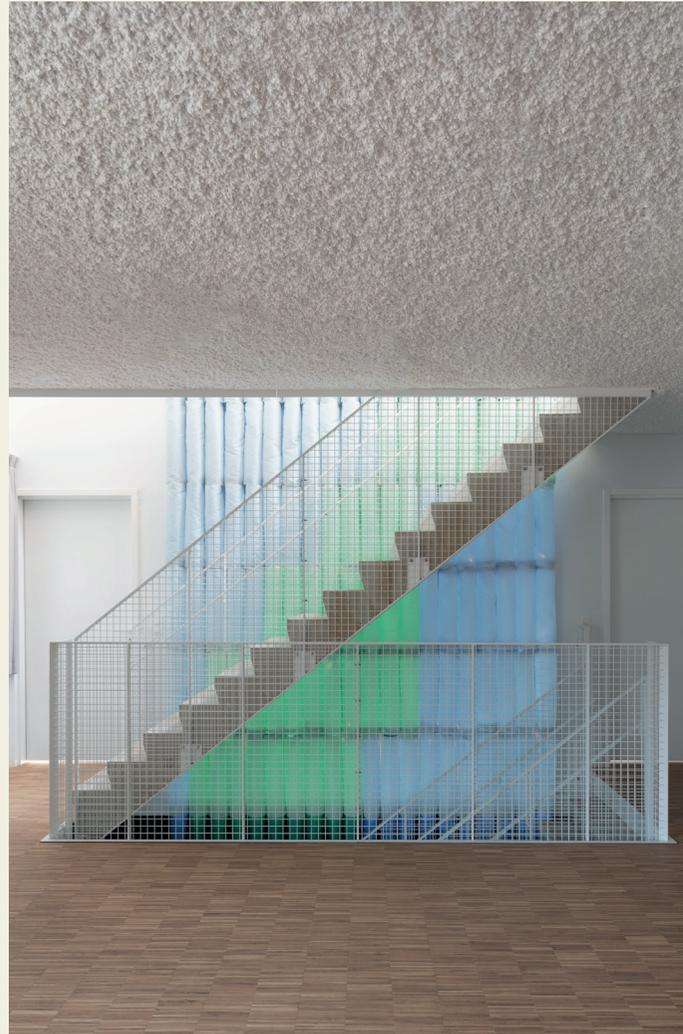

Ready to join?

Please send an e-mail to: exclusives@eelabels.nl with your idea (as moodboard, sketch, mock-up, or ...) + portfolio and a short motivation letter explaining why you want to work with us before May 1st 2025. The selection will be made shortly after.
