

Design Challenge 2026

Calling all (interior) architects!

EE Exclusives is opening its doors to international (interior) architects - a unique chance for professionals eager to incorporate textile into their practice and create at the intersection of craftsmanship and innovation.

Let's weave the next chapter of interior design together. Textile beyond generations!

About the Design Challenge

One dedicated architect or interior designer will be selected for the development of a custom-made jacquard project (value approx 4000 euros), this includes: the opportunity to develop a professional woven prototype of your design on our high-tech jacquard machines, a feed-forward session with our creative director, a real-size final woven sample to convince your client.

Of course all with the guidance of our expert team.

Who you'll work with

Our team includes a creative director, creative project manager and jacquard designer - all ready to support and challenge you creatively and technically. While we mostly communicate in English, most team members also speak Dutch.

Who should apply

We are looking for curious and ambitious (interior) architects with a desire to explore the world of jacquard weaving. You have experience in (interior) architecture and are now ready to explore including (more) textiles in your projects.

Ready to join?

Please send an e-mail (max 10 MB) to: exclusives@eelabels.nl with subject "Design Challenge 2026", including your visual idea (as moodboard, sketch, mock-up, or ...) + link to website or portfolio + a short motivation letter explaining why you want to work with us. Deadline May 1st 2026. The selection will be made public shortly after.
